KING'S KORNER

Boy the two young men from Springfield High who performed at our last meeting were fine musicians and really nice young men. We need to provide more students from our local high schools an opportunity to show us their talent and for The Lions to show them we care and support them. Maybe we can get a few young folks from their drama club to do a short performance for us.

Providing young folks with an outlet to demonstrate their talent shows our commitment to both our community and our youth. It also gives us a chance to maybe meet their parents and develop relationships that could lead to either full or partial membership.

I'll be asking Ed to see if we can get a couple of students from O'Hara to perform as well as ask the heads of the music departments at both schools to come and tell us how we can help make their programs better.

I can't wait till the end of March when we go on the Zoo trip with the kids from St. Lucy's School. I'll be asking sister Lisa if we can take pictures and invite the reporter from the Delco Daily Times to come with us.

The theme is Community and Youth. Both are central to our mission and long-term survival. Doing good can, at the same time, be good for our club. Having a larger public footprint, is necessary if we are to prosper now and in the future.
