## KING'S KORNER

As King Lion Joe said in the last King's Korner, a committee of lions has been working on a plan to capitalize on our strengths as Springfield Lions. Their first step has been to create both a mission statement and a vision statement for the Club. While nothing in these statements is new, this is the first time the mission and vision statement have been formalized and gives us something to focus on in making decisions that affect our Club.

### Mission Statement of Springfield Lions Club

The Lions Club of Springfield is a service organization made up of members whose goals are centered on assisting the youth and adults of our community, especially the hearing and visually impaired, and providing assistance for other humanitarian needs. We encourage service-minded people to serve their community through our organization by taking an active interest in the civic, cultural, and social welfare of our community. It is our desire to grow personally and professionally during our service.

### Vision Statement of Springfield Lions Club

The Lions Club of Springfield strives to be the service club of choice for Springfield and the surrounding communities. We are a community of people who live and breathe, "We Serve."
